

March 17, 2020

To Our Appreciated and Valued Customers,

National Nonwovens continues to monitor the COVID-19 pandemic around the world. Our top priority is to maintain the health and safety of our employees and customers while maintaining a high level of service. We wish to communicate to you providing an update on what we are doing during this challenging crisis.

We have taken action to follow the recommended precautions suggested by the Center for Disease Control (CDC). To protect our office and manufacturing areas, we have made hand sanitizer and antibacterial soap available for all employees. We have also instituted enhanced cleaning protocols in all areas.

We have alerted our employees who are ill not to report to work. To date, we have had no employees report any symptoms or report any family members with symptoms or have been in contact with someone who has been exposed to or diagnosed with COVID-19.

We are reaching out to our suppliers and customers to postpone any visits and teleconference where possible.

National Nonwovens realizes this may be a busy time for you and we are committed to keeping you informed of any change in our status.

We value you as a customer and thank you for your continued loyalty. Again, National Nonwovens is committed to communicating to you as we all manage through this extraordinary time.

Best regards,
